

## LoikkaPro2010 Workshop 13.-17.9.2010

choreographers, directors, performance artists, media and video artists,  
camera operators, editors, dancers, light and sound designers

***"Let's work on action, dance, light, movement, performance and sound ON FILM!"***

MADProduction and Muu ry. organizes an intensive one-week workshop on dance and experimental film. Workshop is bringing together different professional artists in the fields of dance, film and performance art and helping these artists to work together and learn to speak the same language when making their artworks. The aim of the workshop is to raise the knowledge and standard of experimental filmmaking in Finland, focusing on using movement, dance and performance art as a source of artistic method with a recognisably proficient outcome. The five day workshop emphasizes the co-operative work with the different disciplines and professional fields; dance, performance art, film, sound, camera, editing. It will deliver various cross-disciplinary exercises in experimental filmmaking. It is geared toward drawing upon the expertise and experience of internationally acclaimed teachers and practitioners in the field.

The workshop consists of lectures, viewing selected film excerpts, practical exercises in film making, analyses and feedback. More info on the workshop content and application form will be found from [www.loikka.fi](http://www.loikka.fi)

**Application deadline 6th August 2010!**

The filmmakers David Hinton (UK) and Alla Kovgan (USA) will direct the workshop.
